### NODE-RED DESIGN WITH FORM NODE:

### STEPS TO ADD INPUT FORM TO UI:

- 1) Configure the UI input form
- 2) Add a group with the name user
- 3) Add a tab with the name Home and press add
- 4) Press add
- 5) Give the UI from a name Insert a new User and add the input fields for medicine name, time and date
- 6) Add a function node and insert code and wire the nodes
- 7) Open in a new browser tab [https://\[your-host\]/ui/](https://[your-host]/ui/)
- 8) Insert required details and press submit
- 9) Now wire the function as input for the database as shown in about layout
- 10) Press Deploy.

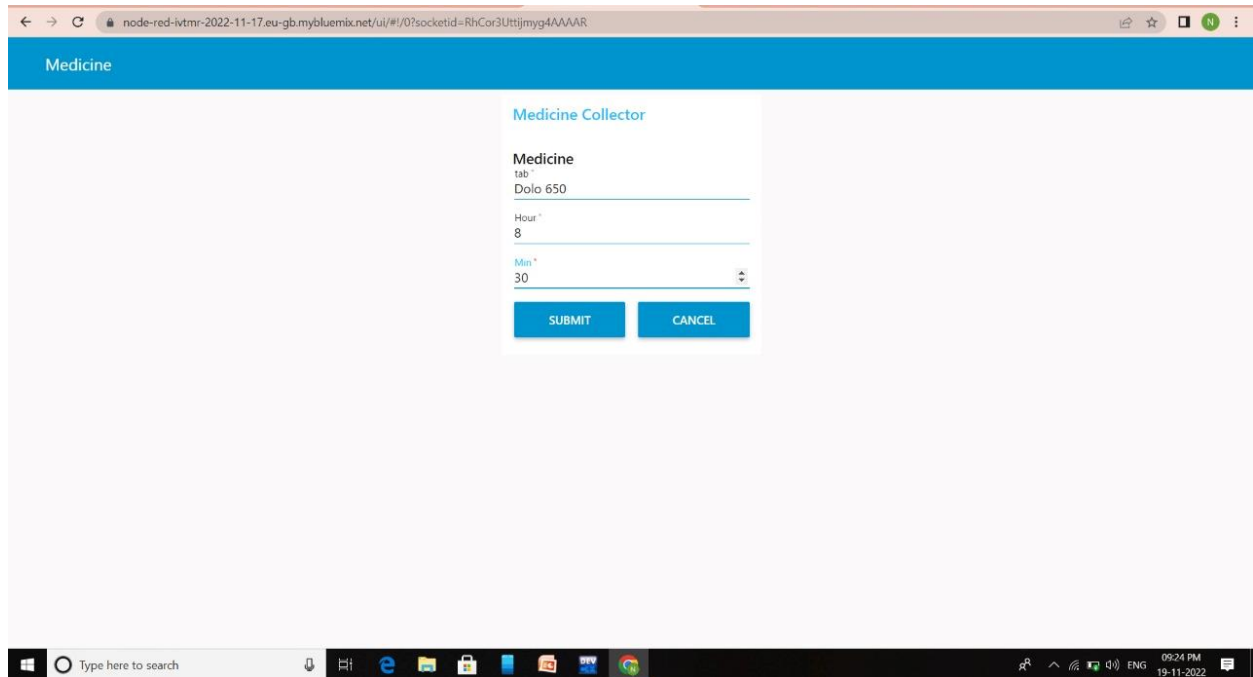

### RUN AND CLICK URL:

The screenshot shows a web application interface with a blue header bar labeled 'Home'. Below the header, there's a form titled 'User'. The form contains the following fields: 'Medication' (a text input), 'Medicine' (a text input), 'Time' (a time picker), and 'Date' (a date picker). At the bottom of the form, there are two buttons: 'SUBMIT' and 'CANCEL'.

## WEB UI INTERFACE FOR USERS:

In the below image, depicts the web UI interface or web application for users to enter their medication details like name, date and time.

## NOTE:

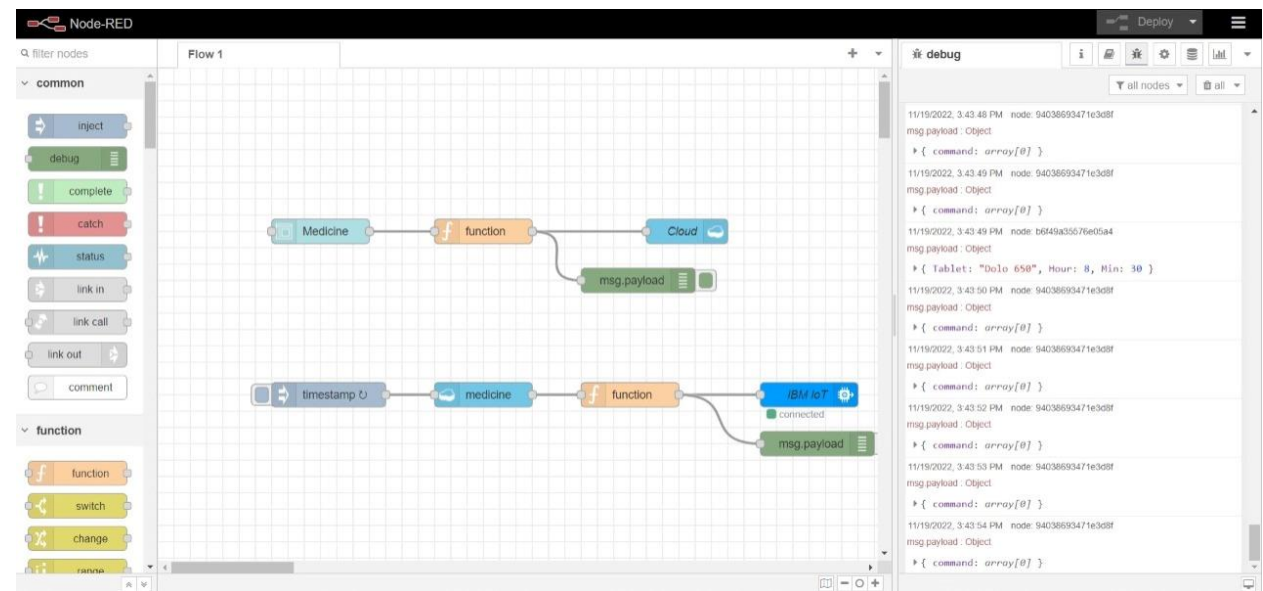

The screenshot shows a web browser window with the address bar displaying a URL from a Node-RED instance. The page has a blue header with the word 'Medicine'. The main content area features a 'Medicine Collector' form. The form includes a title 'Medicine', a text input field containing 'Dolo 650', a 'Hour' input field with '8', and a 'Min' dropdown menu set to '30'. At the bottom of the form are two buttons: 'SUBMIT' and 'CANCEL'. The browser's taskbar at the bottom shows various application icons and the system clock indicating 09:24 PM on 19-11-2022.

On clicking submit the details will be saved in the Cloudant database and will be accessed by function nodes used in the node red design.

Upon comparison with time specified in function node the apt medicine name in the text format is passed on to the Text-To-Speech service (Implementation is available in sprint

# DEBUG IN NODE-RED PLATFORM:

## NOTE:

The above image indicates that the details has been saved in the database and readily available for accessibility through the node-red service.
