

CREATE NODE RED SERVICE

Team ID	PNT2022TMID21391
Project Name	Project – Personal assistance for seniors who are self reliant
Team members	Nisha C, Fathima D, Harni V, Sangeetha M

The screenshot displays the IBM Cloud console interface for a Node RED service. The top navigation bar includes the IBM Cloud logo, a search bar, and links to Catalog, Manage, and Harni V's Account. The main content area shows the resource list for 'Node RED IVTMR 2022-11-17', which is in a 'Running' state. A sidebar on the left provides navigation options: Getting started, Overview, Runtime (selected), Connections, Logs, API Management, and Autoscaling. The 'Runtime' section is active, showing 'Memory and instances' details. A notification banner at the top of the runtime section states: 'IBM Cloud Foundry Public is being deprecated. Please see full details.' The 'Instances' section shows a health status of 100% and 1/1 instance(s) are running. A slider for 'MB memory per instance' is set to 256. The 'Runtime' section features a donut chart showing 'Total MB allocation' of 256, with 1.75 GB still available. A table at the bottom lists instances with columns for Status, Instance, CPU, Memory, Disk, and Last started.
